PRESSKIT | JANUARY 2018

BIO Camilla Guli is a DJ and producer from Naples, Italy. Camilla Guli finds herself among Italy's elite performers with the public voting her in the top 5 DJs for 2017 and the #1 female DJ (dancemusicawards.it)

Classically trained musician and creative mind who in 2015 **performed in front of 10.000 people** at Holi Dance Festival Italy in her city, Naples. Camilla walks the line between mainstream success and underground credibility. She knows how to bring you the best underground club sounds and the sassiest new era electronic dance music tunes with the unique ability to conquer both club addicted and festival crowds. Always trying to push boundaries through her dj live mixes for a **unique brand of modern electronic dance music**.

That's why Camilla started not one but **2 series of tours**. One dedated to the mainstream scene called "**BURNIG BANGERZ**" and the other one for the underground and club addicted called "**Camilla Guli presents aimNAïF**" in which she showcases the native sounds of club culture.

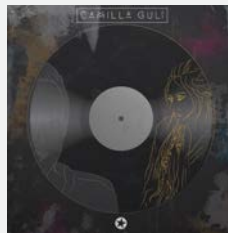

Next big step happened in early 2018 when Camilla Guli became the first female DJ to sign label deal with Spanish super label **Blanco Y Negro** with the first release 'One Of A Kind' featuring Amsterdam based vocalists Talksick (which will be released soon). As well as announcing her first appearance at the International Music Summit in St.Moritz in March 2018.
